Facilities and services include 7 lifts, including the Canadian Rockies Express high speed quad chair, the longest in the Canadian Rockies, 3 on-mountain day lodges, a full-service Rental Shop, Snow Sports School, eateries, a nursery and retail shop.

This unspoiled, pristine destination in the middle of the Canadian Rockies offers a unique skiing and snowboarding vacation, all within Canada's largest Rocky Mountain National Park and a UNESCO World Heritage Site.

THE MARMOT DIFFERENCE

TREMENDOUS VARIETY OF TERRAIN

- Marmot's 86 runs are split evenly between novice, intermediate, advanced and expert terrain. Long, winding tree-lined trails, perfectly groomed cruisers and wide open high alpine bowls make Marmot one of the most diverse ski areas for skiers and snowboarders of all abilities. Families and skiers of varying abilities can ride any of the lifts together, choose different runs, and meet at the base of the lift to ride together again. Advanced and expert skiers and riders will delight in the wide open, powder filled bowls and steep chutes in the upper reaches of the mountain.

UNHURRIED, LAID BACK AND CROWD-FREE

- Like Jasper, Marmot Basin is all altitude and no attitude. An unpretentious and uncrowded, atmosphere is just one of the many reasons skiers return to Marmot Basin year after year. There is no waiting in lift lines as Marmot Basin is one of the least crowded ski areas of its kind in all of North America.

There are no distractions in this protected wilderness area, only a feast for the eyes that leave skiers with memories of a truly unique and astoundingly beautiful destination.

FRIENDLY, SAFE AND WELCOMING

- Marmot Basin is intimate, and friendly. Skiers and snowboarders will find they make friends quickly and are warmly welcomed. Jasper is an authentic, real mountain town where the locals are always quick with a smile and even quicker with advice on how to get the most and the best out of Jasper.
